About Us

Back in 1956, Bill Ponto had just returned from the Korean War and wanted to start a rare plant nursery. Ponto Nursery was born. This transitioned to the growing of general ornamentals and specialized in dwarf citrus. While he found success in this, it was not what he truly loved. He had a passion for propagation, and set out to create a nursery that grew a full line of nursery stock. His sons have found the same passion for growing quality product, and continue his legacy today as Ponto and Sons.

Quality

With over 550 varieties of plants, we are well-positioned to provide our customers with a variety of high-quality landscape materials. Every step of the way, from the cutting, the use of our own blended premium soil mix done on site, to the care in delivery. Quality is something we never compromise.

Customers

As a family owned and operated company, we believe in treating our customers like family. We value the long-term relationships we've formed with many companies over the years, and we believe in treating everyone with respect. We realize we are only as successful as you are, and we make every effort to meet your goals.
